

## Tutorial for Dress and Tunic (58 "Basic Favourites – 7 inch fashion dolls") [www.meretesyr.se](http://www.meretesyr.se)

Choose a stretchy fabric that does not fray, for example cotton jersey.

You also need 6 mm (1/4 inch) wide velcro or small sew on snaps).

You are **not allowed to copy the pattern** and share with others. You are allowed to sell the finished products that you sew yourself.

1. You need the pattern pieces marked "Dress and Tunic" and "Interfacing for Dress and Tunic". You can choose between long and short sleeves. There are three skirt lengths available. Because the garment is so small the interfacing is sewn using a special method. Please follow the steps in this tutorial carefully.
2. When you have cut the fabric, the pieces should look like this (DO NOT cut according to the dotted line).

**Continue to sew according to point 3 - 25 in the tutorial for the T-shirt.**

3. Now the front side should look like this.

4. And the back side should look like this.

5. Cut a piece of the 6 mm (1/4 inch) wide velcro and attach with glue pen as shown in the picture. It's also possible to use a regular (wider and thicker) piece of velcro that you cut to the correct size.

6. Sew around the velcro as close to the edge as possible.

7. Finished!
